For the Holiday Season

ARE you looking for something unusual? Something that has not become common by long-time usage? Something that breathes an air of originality?

Nothing that you can use in your own home, or send to your friends, will be more distinctive, or welcome, than a box of Christmas Greens from the slopes of the Blue Ridge Mountains.

Case N contains sufficient for a dinner-table decoration, to use on the sideboard and serving table.

Case Q will be ample for decorating the living-room, dining-room, and a few sprays in other rooms. Likewise it will supply material for the complete decoration of a small apartment.

All assortments are cut fresh daily, packed and shipped promptly. Without question these greens will be the outstanding note in your home decoration, and in the home of the friend whom you wish to remember at the holiday season.

Christmas Decorations

THESE evergreens carry, as nothing else can, the Christmas spirit. They breathe the beauty and fragrance of the Southern mountains, and they find a ready place in every room of most of the notable homes in America during the Christmas holiday season.

My Christmas Decorations are positively the most carefully selected and the finest to be had. My methods of packing insure delivery in perfect condition, and I guarantee satisfaction or the money will be refunded. The keeping qualities of these evergreens are unsurpassed under ordinary conditions; even in warm rooms, because of their vitality, they will retain for weeks their freshness and brilliant natural colorings.

You will find these evergreens unusual and incomparable decorations both for your own home and the homes of your friends. The cost is nominal and any of the collections will carry more real Christmas cheer than can possibly be found elsewhere.

Evergreens for Christmas and Holi

Send a Box to Your Friends

MOST holiday remembrances—flowers, candies, and the like—last but a few days, and the memory lingers little longer.

Decorations of evergreens—one of these boxes—will remain fresh for weeks, bringing a daily thought of the donor. One of my friends said that the Galax, the Holly and the Ground Pine kept splendidly until long after Candlemas, and that the Spruce remained green for over three months.

Select the box collection that appeals to you (or make an assortment as you choose), send the name and address of your friends, and I will ship direct from Ashford. A card, bearing your own name as the giver, will be enclosed in the box.

I am sure that you and your friends will be delighted with this unusual token of regard at the holiday season.
